You will be able find all the Module answers. Google Digital Garage Answers, Google Digital Marketing Answers, Google Digital Marketing Course Answers, Fundamentals Of Digital Marketing Answers. Google Digital Garage Check Your Knowledge Correct Answers 1. The benefits of an online strategy Sam has recently decided to launch an online fitness coaching service. He has registered a domain name and set up a website, but is unsure of how to launch his business online in a way that will help him grow sustainably. Help Sam create his own online business strategy, by selecting the correct steps he should take. What should his first step be? - Define business goals What should his second step be? - Write a mission statement What should his third step be? - Identify his USP 2. Taking a business online Omar owns a stall selling handmade cosmetics, and wants to launch an e-commerce site. He has lots of experience selling his products in person at markets, but is now hoping to reach more customers online. Can you advise Omar on how to make both his online and offline business successful? He should focus on duplicating his successful offline marketing efforts to an online audience - False He should sell at a cheaper price on the website to attract more customers - False He should identify his various online and offline audiences, and how best to engage them - True He should consider paid online advertising as the sole means of promoting his business online - False 3. Understanding customer behaviour Holly owns a dance studio. To improve sales of dance classes, she is reviewing how her marketing team could update the company's online presence. As part of the rebrand, the team listened to customer feedback and mapped customer journeys. They identified two things online customers generally struggled with: navigating the website and finding the business's contact information. Which of the brand's touchpoints should Holly modify to help address her customer's feedback? Website layout Instagram account Instructor's Blog Email marketing 4. How to stand out from the competition Bobbi owns a protein shake company, which has been trading for 3 years. Her products are stocked in a number of gyms, but the company has not seen much growth in recent months. Bobbi would now like to break into the online market to boost product sales. Which of the following actions should Bobbi take to identify opportunities for online business growth? Hire a financial planner Identify a USP Ship to new countries Build a SWOT analysis Distribute feedback forms to suppliers Review competitor websites 5. Using goals to improve business performance Ryan has written some KPIs to help his fitness centres achieve the business goal of “improving overall client satisfaction”. Review these four KPIs. Which do you think fit the criteria of being specific, measurable, attainable, relevant and time-bound? Ensure 80% of clients use the gym's online system to book personal training appointments Increase how much money customers spend in the gym's juice bar A score of 85% or more in the annual survey for the question 'Would you recommend this gym to a friend?' Ensure 90% of new gym members book an induction session within the first two weeks of joining Google Digital Garage Quiz Correct Answers 1. What is the first step in creating an online business strategy? Identifying business goals Understanding what the competition is doing Knowing the market Aligning goals to the strategy 2. What is the purpose of the 'See, Think, Do, Care' framework? To help determine a marketing strategy To help a business understand the customer journey online To help a business reach a global audience To give insight into specific customer groups 3. Why is optimising customer touchpoints online beneficial for businesses? It allows brands to add pop-up ads at every point of the customer journey, ensuring high visibility It gives businesses the opportunity to save money on online advertising It provides customers with value every time they come into contact with a brand, helping build trust It gives businesses an opportunity to collect more data from potential customers 4. Once you've worked out your Unique Selling Point (USP), how would you use it in a long-term online strategy? Incorporate it within marketing materials across all channels to help raise customer awareness Create an email campaign letting your customers know why you are unique Film a video explaining your unique selling point and send it to employees Create a press release and distribute it through your channels 5.
