It’s worth a Thousand Words, a new adult novel that left me speechless. Left with a cripple after a car accident, Tillie watches the world from behind her camera lens, tracking down displaced objects such as “Lost and Found” from her school. His next missing case is a little different. Jake, the classy clown, asks Tillie to find her father. Their Adventure As the mystery unfolds, Tillie learns the importance of acceptance and tolerance and the truth is not always what it seems. I was able to have a quick word with the author of this novel, Brigit Young. Photo via brigityoung.com How would you describe Jake and Tillie? Tillie and Jake complement each other. Jake, unlike Tillie, can easily connect with people. However, like most comedians, Jake can unintentionally be insensitive. Their relationship is the driving force of the plot, and both improve each other’s flaws throughout the novel. Have Jake and Tillie ever faced conflict in their relationship? Surely. Tillie initially refuses to help Jake, as she finds him to be jute. Besides, it doesn’t help that Tillie saw Jake make fun of her cripple two years earlier. Tillie and Jake are looking for Jake’s father. Can you tell me something about him? I don’t want to ruin anything. But at the beginning of the story, we only know Jake through his father, and Jake is an unreliable storyteller. He thinks his dad is the dream dad, who plays Dungeons and Dragons with him and reads to him at night. Yet, as the story continues, we see that this is far from true. What about Tillie’s family? BY: Tillie’s family is struggling too. Tillie’s father walks on eggshells around her because he was driving during the accident. Her mother, on the other hand, constantly worries about Tillie, causing her to feel suffocated. Are there any characters based on the people you’ve met in your life? My husband was definitely Jake’s inspiration. Jake, like my husband, is sometimes silly, but he is an extremely nice person who always tries to be nice to others. What would you like your daughter to take out of your novel? Be kind to everyone you meet, as everyone is fighting their battle. Are new novels coming out? BY: Yes, a new novel called The Prettiest is released in 2020. This is an anonymous list that ranks the top fifty most beautiful girls in the school. It revolves around three characters: the girl ranked number one, who is shy, the girl ranked number two, who feels she should be number one, and a girl not ranked at all. I enjoyed writing this book, as it addresses issues of sexual harassment. Sexual harassment is rarely addressed, tailored to the younger audience. I hope by writing this novel, I can show that sexual harassment can Even in the middle school. To learn more about Brigit Young, click here. While trying to get a deal from New Age self-help guru Dr. Sinja, he sees through Jack’s deception and accepts the deal, and then delivers a five-page book. That night, a Bodhi tree appears in Jack’s garden. Doctor… Sinja goes to her house and they find out that for every word Jack says, a leaf falls from the tree. When the tree runs out of leaves, it will perish, like Jack. He discovers that even written words and gestures toward words count towards his limit; in addition, everything that happens at the tree strikes him. When Jack tries to cut him with an axe, a wound appears on him. When the squirrels climb up the tree, it tickles them. When a gardener tries to poison him with DDT, Jack gets high from the fumes and when the gardener tries to water him, Jack starts sweating/sweating profusely. Only Aaron Weisberger, Jack’s assistant, realizes he’s telling the truth, and goes home to keep track of how many leaves are left. Jack tries to break the curse by becoming a better person by feeding the homeless and donating some of his money to charity, but the plan fails. Jack drinks a lot of alcohol at night, making him sing a lot, making the tree lose many of its leaves. Only when Aaron confronts him and puts him down does he stop talking. With his life falling apart and the tree running out of leaves, Jack confronts Dr. Sinja and asks him how to end the curse. The guru tells him to make peace in his relationships. Realizing that this is the relationship you need to be repaired, she goes to visit her father's grave. Jack spends the last three leaves of the tree with the words â â «Loses you.â € ™ without leaves left, he suffers a heart attack during a storm and seems to die. Aaron then calls Jack on his cell phone. Still alive, Jack answers the phone. Aaron tells him that the leaves of the tree are magically reappeared and Jack can now speak freely. Jack and Caroline come back together, with him who buys the house suitable for families that Caroline had asked, with the tree in their garden.
