If so, try this new game from AtICOD Entertainment. Ã, Logo Quiz will put your knowledge to the test with more than 900 levels to play. The logos had everything from large automobile companies to fast food chains to dress and all in the middle. Some of the companies presented are Starbucks, Twitter, Amazon, BMW, Ray Ban and many others! Each level will count with 24 different companies. To the contrary of many of the other trivia games, players are capable of choosing the order in which they would like to play inside the level. If you do not know one of the logos, do not worry because you can skip this image and return to it later. The game also offers three contextual tips. Each tip will contain a fact or snippet on the highlighted company. Use the tips to help you respond correctly and collect the currencies. Use your tips wisely because each tip costs coins! Be aware, when advancing through the game, the levels become increasingly difficult. Although you may be familiar with these companies, having letters, words or the disappeared logo makes it much more difficult than you think. If you get stuck in one of the levels, do not worry, because we have all the logo quiz answers and cheats at all levels!
