Here is the guide to create an avatar from photo step by step. Come get your fantasy digital mini-character! Step 1. Get an avatar maker app There are many avatar maker apps on App Store. Here, we recommend Avatoon for you. With Avatoon you can make cartoon avatars of yourself, your family, even your dog! If you're not comfortable showing your real face across the whole internet, letting everyone know what you look like, then Avatoon is the ideal choice! Download from Google Play or App Store. Step 2. Create a custom cartoon avatar After choosing your gender, Avatoon offers two easy and fun ways to quickly create a cartoon avatar. In this option, you can use Avatoon's facial scan to create an avatar. You take a photo with Avatoon, or use one from your phone, but it only takes a second to make you a spot-on avatar! In this option, you can create cartoon avatars by choosing your facial features, such as hairstyle and eye color. You can make more avatars for family, friends, or when you just want to try something new. Step 3. Customize every detail of your avatar Slide the right bar on the homepage, find the feature you want to applyAdjust your face shape, hairstyle, and other facial features by tapping on the Face buttonMake up your cartoon avatar by tapping on the Beauty buttonDress up your character by tapping on the Clothes buttonDecorate the home of your avatar by tapping on the Background buttonPick a fun pose to your avatar by tapping on the Pose button Step 4. Facebook Avatar is a new feature from the social media giant that allows users to create a cartoon-like version of yourself. This is similar to Snapchat's Bitmoji and Apple's Memoji feature. The feature has been available in US, Australia and some other countries for a while now and has finally been launched in India. You can create your own avatar using the Facebook app on your phone. How to create your Facebook Avatar Facebook AvatarsRounak Jain / Business Insider India Download the latest version of the Facebook app on your Android or iOS device. Open the Facebook app and login to your account. Now, click on the three lines menu at the top right corner. Now, scroll down and click on 'See More'. Then, click on 'Avatar and then click on 'Next'. Now, you can start creating your avatar by selecting a skin tone and then clicking on 'Next'. Then, you can change your hairstyle, face shape, eye shape, eyewear, body shape and other body features. Once you have changed all the features, click on 'Done' at the top right corner'. Now, click on 'Next' and you will be able to see your finished avatar. Your Facebook avatar is now ready. You will now be able to see three buttons at the top right corner. Facebook AvatarRounak Jain / Business Insider India The first button allows you to share your avatar to your newsfeed or to use it as your profile picture. The second button allows you to view and use the stickers based on your avatar. The third button allows you to edit your avatar. Facebook rolled out its Avatar feature to users in the US this week, after launching it last year in other countries.Similar to Snapchat's Bitmoji, the feature allows Facebook users to create a cartoon avatar of themselves. They can use the avatar in comments, Facebook stories and messenger. "So much of our interactions these days are taking place online, which is why it's more important than ever to be able to express yourself personally on Facebook," Fidji Simo, the head of Facebook's app, said in a post. "With so many emotions and expressions to choose from, avatars let you to react and engage more authentically with family and friends across the app," Simo added. If you can't wait to try out the new feature, follow the steps below to create your own Facebook avatar. These screenshots were taken in the Facebook app on iOS, but the steps are similar in the Android version. Step 1: Open up the Facebook app on your iOS or Android phone. Then tap on the three horizontal lines in the bottom-right of your screen. Step 2: Scroll down and tap "See More." Step 3: Tap on "Avatars." Step 4: Tap "Next" then "Get Started." Step 5: Choose a skin tone that best fits yours and then tap "Next." Step 6: Now go through each section of hairstyle, hair color, face shape, eye shape and color, makeup, eyebrows, nose shape, facial hair, body shape, outfit, etc. and customize your avatar to your liking. There's even a section for face lines and complexion if you want to get down to the extreme details. If you need to a reminder of what you actually look like, just tap on the mirror icon at the top right of the screen to open your phone's front-facing camera. Step 7: When you're done customizing your avatar and are happy with how it looks, tap the check mark in the top right corner of your screen. Step 8: Once the screen finishes loading, tap "Next." Step 9: Tap "Done." Yay! Now that you've finished making your avatar, you can tap on the arrow sign in the top right to share it to your Facebook feed or set it as a temporary profile picture. To see the different Avatar stickers, tap on the sticker icon (the smiling square below the arrow) or if you'd like to make any changes to your avatar, click on the pencil icon. To use your avatar when making comments, simply tap on the smiley face next to the gif icon, and then tap on the avatar icon on the bottom of the screen (fourth from the left).
