Phil collins video with ronald reagan

Welcome back to our series Rembert Explains the ‘80s. Every so often, we’ll e-mail 25-year-old Rembert Browne a video from the 1980s that he hasn’t seen. Rembert will write down his thoughts as he’s watching it, then we’ll post those thoughts here. This week’s installment was selected by Grantland reader Scott Sparrow: “Land of Confusion,” by Genesis. If you have an idea for a future episode of Rembert Explains the ’80s, e-mail us at hollywood@grantland.com. Apparently this video is “topical,” which means it’s either about politics or Sesame Street. 0:06 Oh, OK. Just two human puppets and a gorilla puppet sitting in bed. Sure. 0:10 I love Genesis and I love Phil Collins. I just need everyone to know that. 0:14 Wait, is that Reagan? Is this Ronald, Nancy, and a gorilla? 0:22 AHHH GET OUT OF MY FACE This is my nightmare. 0:34 Just to be clear, I still love Genesis, I still love Phil Collins, and yes, I really enjoy “Land of Confusion,” but a five-minute puppet video is very much my nightmare. 0:44 I don’t know where this bog is that these puppet people have found themselves in, but it’s not sexy. Also, if that was Reagan, this is going to get weirdly political, which I’m not ready for. There’s no place in our culture for actual political puppets. THERE ARE ENOUGH HUMAN ONES OUT THERE ALREADY HOLY ZING, SERVED, BOOM. 0:46 And the nightmare gets even scarier: Phil Collins meets Chucky. This is horrible. Why did they do this? 0:54 I want my mom: What are those glasses? Whatever cause Phil & Co. were fighting for in this song, the puppetry couldn’t have helped. I haven’t heard one lyric, because I’m so grossed out by these three dudes. 1:12 The camera is going through this Easter Island–esque sea of puppet heads. Some look famous. All are terrifying. Must. Push. Through. 1:17 Puppet Reagan is drowning. Seems rude. 1:23 IS PUPPET REAGAN DEAD? Can you do that? Can you kill a puppet president? Is Genesis in jail for treason? I need answers. 1:48 Ha, is that the Ayatollah? Puppet Ayatollah is scary. Can’t even begin to imagine how terrifying the real guy was. 1:51 And just like that, Reagan is in a Superman costume. I have a feeling, however, that GENESIS DOESN’T THINK HE USES HIS POWERS FOR GOOD. Just a hunch. 2:08 This is like “We Are the World” for dictators. Puppet dictators. Terrifying puppet dictators. 2:29 Phil Collins is the ugliest puppet ever. Did he co-sign this? Is he cool with being the lowest-rated puppet in the Puppet Fantasy Attractiveness League? 2:47 Nixon? Part of me thinks I’m failing World History by not being able to recognize anyone, but this might also be the fault of the puppet masters for making everyone look like bulldogs. 2:53 Thizz Face Mr. Spock. Why is Phil Collins beefing with Leonard Nimoy? I want all the gossip. 3:01 I should probably note that I still haven’t internalized a single lyric of this song. For all I know, this is “We Didn’t Start the Fire,” but instead of the Cola Wars, it’s Reagan and Thizz Face Leonard Nimoy. 3:05 There’s a triceratops that has been a major player in this video. Couldn’t even begin to speculate why. 3:37 Just as an update: The Reagans are partying in the rain forest with Godzilla, who happens to be wearing a bow tie. Oh, NOW I GET THIS VIDEO. 3:38 I’ll never get over this: Whatever Reagan did to Phil Collins, I really wish he hadn’t done it. POINT MADE, PHIL. 3:39 (I have no idea what that point is.) 3:50 Um: This is either Prince or Morris Day, putting hot dog condiments on his own tongue while Phil makes phone calls. I’m about over this video. #TeamReagan. 3:57 Prince/Morris Day just ate his own hot dog tongue. Seems rude. Also, did Prince/Morris Day’s bottom lip have to be that big? C’man. 4:03 Just heard my first lyric: “It’s too many people making too many problems.” While I appreciate the topical nature of this video with regard to last night’s debates and the role of government, that doesn’t make up for this insane video. Phil Collins is the world’s biggest Debbie Downer. 4:16 For two seconds, I take back everything bad I said about this video. PUPPET PHIL COLLINS AS STEVE JOBS, YES FOREVER. 4:26 I knew it. It was only a matter before we had “We [Puppets] Are the World.” So Phil Collins beefs with Quincy and Lionel too? This is amazing. He’s like the 50 Cent of the ’80s. “Curtis Collins,” if you will. Also, is that Clint? His ’80s puppet face looks like his 2012 self. How’d they know? 4:29 Someone’s got to explain this triceratops to me. I understand donkeys and elephants, but am stumped on where heavily armored dinosaurs fit in. 4:30 LATOYA MICHAEL 4:31 Oh, now Phil’s in on the “We Are the World” party, with Madonna. I think she looks great. 4:39 I’m sure this is rude. Did Genesis have any friends after this video? I feel like they got crossed off a lot of Christmas party lists soon after the release of this video. 4:45 And just like that, the Pope is playing the guitar. They really couldn’t leave anyone out, could they? 4:55 How is this video going to end? Is Phil Collins going to duel with Reagan? Is the Pope going to smash his guitar on Bill Cosby? Is this a documentary? 5:04 I feel cheated. The past five minutes were all Reagan’s dream. Now I know how you Dallas fans felt after Season 9. The betrayal stings. 5:13 WHO HAS THIS BUTTON IN THEIR HOUSE? Please hit nurse, please hit nurse, please hit nur— NOOOOOOOOOOOOOO 5:21 Reagan: “That’s one heck of a nurse.” Wait, has this entire beef toward Reagan been about his eyesight? I thought they were trying to portray him as a bad guy, but I’m left assuming they don’t think he’s fit to be president because he simply can’t see well. This seems like an extravagant production just to make a point against one’s eyesight. Quite confused. I hate puppets. Today’s music video of the day is Genesis’s Land of Confusion (1986): (Author’s note: ok so this is not one of my favorite songs however this is one of my favorite music videos because it’s quite out there and it involves puppets! And I really like weird puppets!) This is one of the first music videos I remember seeing on MTV. During breaks off of school I never went to a camp or a babysitter so the tv was mainly my distraction from the outside world. To this day it is also one of the most weirdest music videos I have seen as well. The puppets that were in the video were created by the creators of a British show called “Spitting Image.” The only way I can best describe this show is like a British version of Saturday Night Live but with puppets. (the intro of the show is below) The idea to used these puppets was actually from Phil Collins when he saw a caricature version of himself on the show. He decided to call them up and asked them to make not only caricature versions of the rest of the band but also all the rest of the characters in the music video. The music video opens up with the puppet version of Nancy and Ronald Reagan holding a stuffed bear in bed. There is also a monkey between the two and Ronald Reagan falls asleep and then starts to dream and a huge steel door opens. At the point the song has process and we see the band in puppet form and the viewer quickly realizes that Reagan’s dream is actually a nightmare. Because the next scene in a swamp where it is foggy and murky and we start seeing various puppet heads of political figures especially those involved with the Cold War. Through this part of the nightmare we see Reagan in bed literally sweating puddles of sweats. For some reason Nancy and the monkey are out of the bed looking out of a window and dancing while various scenery goes on outside. We randomly see a bird flying by and it is so hot outside it cooks itself trying to fly and turns into a roasted chicken. The next scene is Reagan dressing in a superman costume and running in the streets while it cuts to different dictators and world leaders giving speeches in front of crowds. I know this sounds weird but it follows the lyrics of the song perfectly in terms of matching the scene. While Reagan is running through the street a dinosaur with some massive jewelry stomps on this cape and make him watch videos of “Spitting Image” which makes Reagan forgets about charging out to save the world and instead goes back to sleep. He then dreams about being in prehistoric times where he meets Nancy and a bunch of prehistoric animals. As the song goes kind of slow and romantic like so does the video we see all of the prehistoric animals laughing, dancing and enjoying breakfast. And the only thing that snapped Reagan out of that dream was a bone thrown in the air. Throughout the next sequence it jumps to Genesis to a bunch of other musicians like Tina Turner, and David Bowie. We also see Reagan in a cowboy outfit riding the same dinosaur that stopped him preciously. (The only thing I think for the reference of the cowboy outfit is Reagan many acting roles as a cowboy) We then see more celebrity puppets singing (probably a spoof of the video “We are the World”) and then we see cowboy Reagan go to the steel door was opened so easily in the beginning of the video is now nearly impossible to open. Reagan starts banging furiously on it and the real Ronald Reagan puppet finally wakes up in a pool of sweat. He sweated so much during the dream that we see Nancy wearing a pair of scuba googles. The last segment we see in the video is that Reagan is thirsty and gets a cup of water that is next to his nightstand and misses his mouth completely and it lands on Nancy. Noticing that he miss he wants more water and we see two red buttons on the top on the nightstand. One is marked “Nurse” and the other is marked “Nuke” Reagan hits the wrong button and hits “Nuke” which causes a massive explosive and of course has no idea what has happen he thinks it was the nurses button. Until Next time!!! This segues into a sequence set in prehistoric times, where two dinosaurs (one wearing a bow-tie) meet with Ronald and Nancy Reagan as a mammal eats an egg and reads a newspaper, and John Rambo hovers in the background. Directed by Terry Fitzgerald, Todd McFarlane. Now did you read the news today They say the danger's gone away But i can see the fire's still alight There burning into the night.
