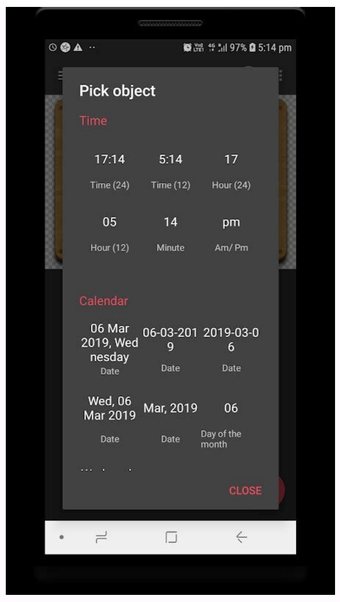
Customizable Dark Mode
In ColorOS 7, we unveiled a highly-customized All-Day Dark Mode that is compatible with third-party apps. This dark mode has further evolved in ColorOS 11.
It offers three color schemes with different level of contrast, allowing you to set the auto start and off time, and can even adjust to the sunrise and sunset.
Path: Settings - Display & brightness - Dark Mode - Dark Mode settings
Make Your Own Ringtone
A ringtone can be customized through an easy-to-use slide panel. Just select the musical tones and rhythms to adjust the music in real time.
Receiving tons of notifications can be annoying. Tone Tunes links consecutive notification tones to form a single melody.
Path: Settings - Sound & vibration



Samsung Galaxy S22 What are the Samsung S22 specs? The Samsung Galaxy S22 5G has 6.2-inch screen, Dynamic AMOLED display enforced with Gorilla Glass, giving you the world’s brightest smartphone display. The Samsung Galaxy S22 5G packs an Exynos 2200 bionic chip. The powerful Exynos 2100 processor gives you 28% faster performance than previous models; and supports never-before-seen download and upload speeds with the immense connective powers of wifi 6E. Enjoy a Triple-Lens camera; 12MP Ultra-Wide lens, 12MP Wide lens and a 64MP telephoto lens. And if that’s not enough, the front camera snaps incredible selfies every time with a 10MP Wide lens. Discover 100x space zoom with improved stability, giving you an enhanced portrait mode that delivers professional-level portraits. The camera also has a sharper night mode with laser auto-focus, ultra-smooth video and dual recording – perfect for switching between narrating your videos and capturing the moment. You can even use your phone to replace your car keys, if your car has Bluetooth functionality. What are the dimensions of the Samsung Galaxy S22 5G? The Galaxy S22 5G measures 151.7mm tall by 71.2mm wide and is only 7.9mm thick, weighing at 169g. It has a 5.9-inch Dynamic AMOLED screen with a 120Hz refresh rate. What's the quality of the Samsung S22 camera like? Around the back of the Samsung S22 5G are two 12MP cameras (one wide and one ultrawide) and one 8MP telephoto camera, which take quality photos and videos. It also has a 10MP front camera. What is the Samsung Galaxy S22's IP rating? The Samsung Galaxy S22 5G has a resistance rating of IP68, meaning it is dust resistant and water resistant up to 1.5m deep for 30 minutes. But this doesn't mean it's waterproof so isn't recommended for diving. What's the Samsung S22's internal storage capacity? The Samsung S22 5G s available with two storage options: 128GB or 256GB of storage. What are the Samsung S22 colours available? You can purchase the Samsung Galaxy S22 in eight different colours: black, rose gold, white, green, blue, beige, purple and grey. Does the Samsung Galaxy S22 5G have dual-sim capability? Yes, it is dual-sim ready. This means you can use the Galaxy S22 for both your business and personal phone numbers, switching between the two on the single device. How much is the Samsung Galaxy S22 5G on a Pay Monthly plan? That’s up to you with our flexible custom plans, which put you in control. Design a plan to suit your needs by choosing how much you want to pay upfront and spreading the cost of your monthly bills. Where can I buy a Samsung S22 case?
