Yo rigoberta menchu

Título del documento: Subalternidad y testimonio en diálogo con "Me llamo Rigoberta Menchú y así me nació la conciencia", de Elizabeth Burgos (con Rigoberta Menchú) Revista: Nueva sociedad Base de datos: CLASE Número de sistema: 000363332 ISSN: 0251-3552 Autores: Beverley, John1 Instituciones: 1University of Pittsburgh, Pittsburgh, Pennsylvania. Estados Unidos de América Año: 2012 Periodo: Mar-Abr Número: 238 Paginación: 102-113 País: Internacional Idioma: Español Tipo de documento: Artículo Enfoque: Analítico Resumen en español El libro de la líder indígena guatemalteca Premio Nobel de la Paz, publicado bajo la autoría de la antropóloga venezolana Elizabeth Burgos en los años 80, tuvo amplia repercusión en la academia estadounidense y en los movimientos de derechos humanos en América Latina. Para muchos inauguraba un nuevo género capaz de desafiar, desde la subalternidad, incluso a la literatura en su sentido convencional. Pero también tuvo detractores, que pusieron en cuestión su veracidad y criticaron la existencia de una «inflación mítica» al servicio de una política radical. Todas estas discusiones dieron lugar a interesantes intercambios acerca de la verdad, el cientificismo, la relación entre testimonio oral y literatura escrita, el rol de los subalternos y la construcción de los relatos sociales Disciplinas: Antropología,Literatura y lingüística Palabras clave: Etnohistoria,Crítica literaria,Indígenas,Relato,Subalternidad,Menchú Tum, Rigoberta,Burgos, Elizabeth,"Me llamo Rigoberta Menchú y así me nació la conciencia",Guatemala Texto completo: Texto completo (Ver PDF) Home / Archives / Vol 3, No 4 (1984) / Book Reviews This book is a memoir of Rigoberta Menchu's childhood and later years in Guatemala as an Indian woman. According to her story, she grew up uneducated in a small community with very strong rules and traditions. Her people, the Indians, were in conflict with the Ladinos (specifically the wealthy) for many years. As a result, her father, mother, and several siblings died. After reading this book, I found out that she had fabricated many important details in the story. On the very FIRST page, she te This book is a memoir of Rigoberta Menchu's childhood and later years in Guatemala as an Indian woman. According to her story, she grew up uneducated in a small community with very strong rules and traditions. Her people, the Indians, were in conflict with the Ladinos (specifically the wealthy) for many years. As a result, her father, mother, and several siblings died. After reading this book, I found out that she had fabricated many important details in the story. On the very FIRST page, she tells us that she never went to school. On the contrary, Rigoberta seems to have attended a private school run by nuns, and got the equivalence of a middle school education. While a middle school education isn't stellar, it's better than nothing. Rigoberta learned to speak spanish at school, and not later on in her life as she claims. She lies about witnessing her older brother die (which she did not), having a younger brother starve to death on the coffee plantations (he's still alive and living in Guatemala), and the conflict between her father and the wealthy Ladinos over his land (in reality he was having a conflict with his in laws!). I understand that someone writing a memoir could forget some minor details, but this seems very intentional. In my opinion, she is biased against the Ladinos and the Guatemalan government, and isn't writing a bestseller just the best way to get back at them? However, the fact that Rigoberta lied about her experiences is not the only reason that I gave this book one star. The book is written in a very dull way. It's amazing how Rigoberta makes even the most heartbreaking parts boring. Her parents die, her brothers die, she joins a rebel group, her life is threatened. All of these would make for a fascinating memoir that can't be put down. But Rigoberta interestinly shuns author's craft. The entire book is as if she is talking to you. No dialogue, suspense, etc. It's very unique, but still boring. On a final note, Rigoberta won the Nobel Prize for this book. I'm not sure exactly how writing a sad book warrants a Nobel Prize. Perhaps it was awarded for bringing attention to the conflict in Guatemala? If so, then yes, that worked for me. I had never heard of any genocide in Guatemala prior to reading this book. But I, Rigoberta Menchu is so lie ridden that I am unsure what is the truth. The book introduces what happened in Guatemala to me. But to find the real truth, I'll just have to research it. ...more Preview Preview Add a review and share your thoughts with other readers. Be the first.
