Hank jr just call me hank

Audience Network YouTube ChannelOn January 15, 2016, Hank Williams Jr. released his first full length album since 2012, called It's About Time. In the weeks since its release, the album has generated a lot of hype, partially due to the release of its first single, "Are You Ready for the Country?" which features Eric Church. The single is a hardcore country boy anthem, right in tune with Hank's persona. But for the seventh track on the album, Hank dials things back a bit, and the result is powerful. The song's name is "Just Call Me Hank," and was written by Hank himself. Through the lyrics, Hank shares how he doesn't care about being in the hall of fame, and certainly doesn't consider himself an icon. In the end, Hank feels the greatest sense of pride when someone recognizes him for who he is, not as the icon he's been built up to be. He sings about these feelings in the final lines of the chorus, saying, "My name is Bocephus but I'm really proud/When someone just calls me Hank."Hank told Rolling Stone how he came up with the idea for the song, saying it was an emotional process for everyone involved:"That thing came so fast, five minutes again, in a pickup in northwest Tennessee by Kentucky Lake going to the farm at 7:15 in the morning,And these kind of words come along? 'Uh, oh wait a minute. I better pull over and write some of this down.' I called a guy who's been with me a long time, I gave him some words, then I called daughter Holly and gave her some words. This guy is bawling, Holly's bawling, I'm bawling…everybody is bawling."Hank performed the song during a stripped-down, acoustic session at his cabin in Paris, Tennessee for a television special. During the performance, Hank sat on a stool in front of a large woods, while a few of his bandmates sat by and played instruments such as the harmonica.The intimate setting adds to the reflective and personal nature of the song. It's a different side of Hank that we don't get to see all that often, but we definitely like it.Tune in below to watch Hank's performance of "Just Call Me Hank."What do y'all think of Hank's new song?IF YOU ENJOYED THIS VIDEO, GET EMAIL UPDATES (IT'S FREE) HankJrOfficial / YouTubeHank Williams Jr. was driving to his Tennessee farm at 7:15 in the morning when an idea for a new song popped into his head. He pulled over the truck and started to write, and he said the song came to him within five minutes. During an interview with Rolling Stone, Hank Jr. said that he called some people to tell them about the song he just wrote, and it was an emotional moment for all involved:"I called a guy who's been with me a long time, I gave him some words, then I called daughter Holly and gave her some words. This guy is bawling, Holly's bawling, I'm bawling…everybody is bawling."The song that Hank Jr. wrote that day was "Just Call Me Hank." He eventually included the song as one of the tracks on his 2016 album It's About Time, and it stood out to fans right away."Just Call Me Hank" is about as personal as it gets, as Hank Jr. uses the song to look back on his life and career. He acknowledges the fact that people don't need to call him an "icon" like they tend to do. Instead, he says that it makes him "really proud" when someone simply calls him "Hank."Following the wildfires that raged through Tennessee in November 2016, Dolly Parton championed a telethon for her My People Fund, which she established to help those affected by the fires. Hank Jr. signed on to perform at the telethon, which gave him the perfect opportunity to deliver an acoustic performance.With nothing but his voice and his guitar, Hank Jr. took to the stage and delivered an intimate performance of "Just Call Me Hank." Through that performance, he further proved that he doesn't need a full band or any glitz and glam in order to make an impression.In fact, Hank Jr.'s choice to go acoustic for his performance made it one of the standout moments of the telethon. It allowed him to truly expose his heart and soul through the song, which made it more meaningful to watch.Tune in below to catch Hank Jr.'s stripped-down performance of "Just Call Me Hank." But that doesn't stop him from recruiting contemporary country talents and tricks for help."[1] Rolling Stone panned the album, writing "Country vet rocks out, waves guns around, incites snoozes".[6] Allmusic gave the album 4 out of 5, writing "there's not a sense of a bro-country sop because this has swagger and, as the man himself says at the song's end, 'the band played like they were pissed.' All through It's About Time, Hank Jr. and his colleagues play it big and burly, laying into barroom boogies and rocking country as if they never went out of style. Williams knows this isn't true, of course. He notes that 'Those Days Are Gone' -- itself an ode to the days when you could hear Haggard, Coe, and Jones on the radio -- but he sings this ode to olden days without a tear in his eye, possibly because he's having too much fun once again raising a ruckus."[2] Commercial performance The album debuted at No. 2 on Top Country Albums, the highest he's reached on the chart since the release of Lone Wolf in 1990. The album also debuted at No. 15 on Billboard 200, selling 24,000 copies in its first week.[7] It sold a further 9,000 copies in its second week.[8] The album has sold 60,800 copies in the US as of March 2016.[9] Track listing No.TitleWriter(s)Length1."Are You Ready for the Country" (featuring Eric Church)Neil Young3:292."Club U.S.A."Tony Stampley, Bonnie Swayze3:193."God Fearin' Man"Chris Janson, Brandon Kinney, Kendell Marvell2:374."Those Days Are Gone"Janson, Brice Long, Terry McBride3:415."Dress Like an Icon"Hank Williams Jr.4:136."God & Guns"Mark Stephen Jones, Travis Meadows, Bud Tower4:507."Just Call Me Hank"Williams Jr.3:028."Mental Revenge"Mel Tillis2:579."It's About Time"Williams Jr.3:2910."The Party's On"Williams Jr., Joe Kent, Stampley2:5911."Wrapped Up, Tangled Up in Jesus (God's Got It)"Reverend Charlie Jackson6:2112."Born to Boogie" (featuring Brantley Gilbert, Justin Moore and Brad Paisley)Williams Jr.2:45 Personnel Robert Bailey - background vocals Tom Bukovac - acoustic guitar, electric guitar Eric Church - duet vocals on "Are You Ready for the Country" J.T. Outro G D C A January 15, 2016 3:27PM ET Hank Williams Jr.'s 37th album It's About Time is out today, marking the country legend's first full-length release since 2012's Old School New Rules. Released through the new Big Machine offshoot Nash Icon, It's About Time showcases the 50-year music veteran in unapologetic, unfiltered form. But on the somber "Just Call Me Hank," Williams dials back his bravado for a moment of humility. "Don't call me an icon, I don't care about the Hall of Fame," he insists, sounding comfortable with his own legacy. Williams filmed a special acoustic performance of the song at his Paris, Tennessee, cabin that will air in the Audience Network special Hank Williams Jr.: It's About Time. "That thing came so fast, five minutes again, in a pickup in northwest Tennessee by Kentucky Lake going to the farm at 7:15 in the morning," Williams told Rolling Stone Country recently. "And these kind of words come along? 'Uh, oh wait a minute. I better pull over and write some of this down.' I called a guy who's been with me a long time, I gave him some words, then I called daughter Holly and gave her some words. This guy is bawling, Holly's bawling, I'm bawling…everybody is bawling." Hank Williams Jr.: It's About Time will air Sunday, January 17th, at 9 p.m. ET on Audience Network. The episode, which also features an intimate interview with Williams, will encore January 22nd.
