Anagram Architects Anagram Architects is a design consultancy firm established by Vaibhav Dimri and Madhav Raman in New Delhi in 2001. We believe in creating architecture, which primarily responds to its users and context more than defining a signature style for us. Simple intelligent ideas such as optimum use of natural light, ventilation & locally available natural building materials and techniques have been our continuous effort. What started off as a small 3 person firm is now a frontline organization rendering complete design and management solutions right from conceptualization to realization of the space, object or visual in the market, keeping in mind the synergy of execution of design solution through extensive research and innovation. It sees the Architectural project at its core as an Idea-based one, and seeks to constantly Invent. The partners are graduate architects from the School of Planning and Architecture, New Delhi. Through our work we attempt to enrich elemental modernity with intensive research into traditional as well as non-conventional practices, evolving culturally relevant, contextually responsive and resource efficient design solutions.We, at Anagram Architects, enthusiastically explore these as opportunities to investigate spatial design and endeavour to provide innovative and fresh design solutions by delving into our rich experience in various fields. An example of a project page on Architizer with Project Award Badges highlighted A Guide to Project Awards The blue “”+”” badge denotes that a project has won a prestigious A+Award as described above. Shivani graduated from Florence Design Academy, Italy.
