"This post includes affiliated links for which I could make a small commission without additional costs for you you should make a purchase." Here are the 10 best games of strategy shift for Android. 10 best strategy turn-based games for Android 1. Hoplite Hoplite is a turn based strategy game that focuses on tactical movement around small maps. Hoplite challenging gameplay aims to make you think before you act. Every move counts! Make strategic choices to upgrade your skills. I gradually generated levels give a new experience every game. Standings and results through Google Play (optional) Premium A one-time purchase, providing additional features. Venture deepest, earns results, unlock more choices and modes of access access. Download from the Apple App Store Download from Google Play Store 2. Store TACTICA FINAL FINAL: Wotl We found that some players have found that "fantasy tactics financing: WotlÃ ¢ â ¬" can not be launched if a certain version of the Google Play Store Application is installed on their devices. Google will update Ã ¢ â,¬Å Google Play Store "directly to the devices of the players" to solve this problem. If you are not able to launch Ã ¢ â,¬Å Final Fantasy Tactics: WotlÃ ¢ â ¬ now, please try again after a while '. We apologize for the inconvenience. ========== TACTICA FINAL FINALE: The War of the Lions has arrived for GooglePlay! Released as the first tactical RPG Fantasy Final Fantasy series in 1997, final fantasy tactics on PlayStation have gone on to sell over 2.4 million copies worldwide. The game grew in popularity to its redeveloped in 2007 as final fantasy tactics: the War of the Lions for the PSP with added features such as new movies, scenarios and jobs. You can enjoy â â game whose story gave life to the world of Ivalice, and whose high strategy battles bring tactical games to a whole new level. It - Game features Ã ¢ ¬ "Intuitive Touch Screen Controls The complex Tactical Game can be controlled effortlessly and intuitively by simply tapping units and menus. Gone is the old method of switching fixed map views - you can now rotate, move and change the size of maps as you please scroll and pinch. Ã ¢ â ¬ "load times improved load times have been improved to get you into the action faster than ever. What else, you can even skip certain cut scenes. Download from the Apple App Store Download from Google Play store 3. The battle of Polytopia has begun the battle of Polytopia. Lead your civilization at war in this strategy game to turn down poles. Adventure in the world of blocks: explore, gather resources, farm, mineral "Build an empire of epic proportions, training your warriors and send them to battle with the armies of other civilizations. A new entrant on the classic Strategy 4x Game with Beautiful Low Poly Art. Choose between different tribes to increase your civilization on, each with an unlocked technology from the beginning. an Epic Builder Empire Builder automatic generated maps made of blocks where you have to think and fight on every shift. every game will be a new experience with unlimited play value. Unlike other games long games 4x or RTS, the battle of Polytopia has a gender approach to the genre: a deep layer of strategy where the last battle of the war will occur fairly quickly. In mode single player, or the goal of the game is to get the highest score possible in 30 rounds (perfection) or to destroy you tte the opposing forces (domain). In multiplayer the goal is to be the first to reach 10,000 points scoring (glory) or to the wages of war Conquer all rival capitals (could). Attach and exterminate every civilization on the road to work or school! Ends the war before lunch! Winning conquests or win by Craft, research and develop your faction in addition to anyone else or a mix of both. Bring your clan from a small village to a powerful kingdom. Make the population of the agricultural city, fishing and mining in order to generate income to spend for warriors, to build new structures they provide Or to look for new technologies to reach the domain. Charming your city as they grow you will give you different options: To expand your boundaries of your kingdom, to increase your population, to generate more income, to erect walls, build gardens or to form powerful warriors. Explore the Kingdom, the myriads of tribes await you in this strategic kingdom in turn. Use a warrior to discover small villages hidden in the fog, conquer them and become a new city for your kingdom. But be careful, more cities have been added to your highest empire is the cost of technological research. High-level technologies will unit new units that can even take care of your troops and conquer other civilizations. Use the best strategy to reach the domain. The ruins of an ancient civilization will jump on the map and will provide you more population for your civilization or technologies to further develop your war units and civil buildings. After that, the right strategy will make your civilization the best. Look at the state of the other clan's alliance with your faction, make friends with them or try to conquer everything fighting with your warriors against them. Place your units wisely, it's not the same thing to fight on a mountain than in a valley, promote your veteran units to increase their health. The troops placed inside the city will have their defense increased. The high-level cities will provide you with heroes to increase the strength of the army. Bring your units from the ground to the sea Radicating upgradeable boats that will fight in epic naval battles and can bomb cities and rivals from the sea. If you like RTS games, this War Game Sandbox strategy will fight fight for every pixel of the map. Battle for your kingdom and make your tribal emblem be victorious! The battle of Pictopia is free to play SinglePlayer against Ai, although you want to play an online battle with other people you have to have purchased at least one tribe to help keep server costs. Are you ready for the conquest?
